

March 23<sup>rd</sup>, 2020

Update on the impact to Besly Operations due to Covid-19.

Due to a mandate by the Governor of Illinois, a “shelter in” order is in effect until at least April 7<sup>th</sup>.

We are currently looking at all means to service our customers to the best of our ability. This will be difficult for at least the next two weeks and delays are likely. We care about our employee’s good health and join the nationwide effort to end this virus so we can all return to a normal life and livelihood.

Over the coming days we will continue to look for any means to provide service to you, our valued customer. Orders may continue to be emailed or faxed to Besly and we will gladly confirm and process once we are able to do so.

We hope this update is met with your understanding. Please visit our website for coming updates.

Thank You,  
Stan Smith/Operations Manager-Besly Cutting Tools
